Father Jim's Wise & "Otherwise"

SEPT. 13, 2026: Give your gift of time a true meaning If one lives to be 70 years of age and is the average person, he or she spends: 20 years sleeping. 20 years working.

6 years eating. 7 years playing. 5 years dressing. 1 year on the telephone. 2.5 years smoking 2.5 years in bed. 3 years waiting for somebody. 5 months tying shoes. 2.5 years for other things. Do "other things" in your life include time for participation in serving on a church program? While our daily lives may have a certain sameness, Christians affirm that every moment is creative by how we experience and respond to this new moment. Within every moment of this day, God is about His creative activity and is presenting us with occasions for discipleship. Time is one of the most important gifts given us by God. He has given it equally to all. It is our responsibility to use it wisely and well. And we can do so by dedicating some part of it to some apostolic activity, organized within the framework of our own church. What should be made clear is that stewardship is an attitude. It's not so much what we do, as it is why we are doing something. Stewardship is a continuous revelation that God has given us special talents. By these gifts of talents, we can reveal God to the world.
